CALEB

C1305-PBR

TROY LIGHTING

The Caleb family balances form and function as a sleek alternative to traditional recessed lighting. The industrial-style design features a modern circular backplate, adjustable arm, and elongated tubular shade. Each fixture pivots to suit a range of lighting needs, from genera illumination to more focused, task-specific use. Designed for versatility, it is available as a wall sconce in Patina Brass and Bronze or all-over Patina Brass, and as a flush mount in the same finish options.
